MESSAGE FROM MRS PECK

Welcome to Year 5! I hope you have all enjoyed a fun-filled summer break and are ready for the new academic year. This newsletter will outline key events, classroom routines and curriculum learning over the next half term. If you have any questions, please do not hesitate to contact me, either at the classroom door or via the office. I look forward to meeting those of you who I have not yet met.

SCIENCE

In Science, we will be focusing on Properties and Changes of Materials. We will be learning about insulation, separation and solutions. We will also be using our knowledge to plan and carry out scientific investigations to answer questions.

GEOGRAPHY

In Geography, we will be researching UK coastlines, in particular, the Holderness coast. We will learn about the human and physical features found there and how they have changed overtime.

MATHS

In maths, we will be focusing on place value, addition and subtraction of numbers up to 1,000,000. We will also develop our understanding of Roman Numerals.

PSHE

In PSHE, we will be thinking about new challenges and setting goals. We will also be thinking about what it means to be a citizen of the world.

DT

In Design Technology, we will be investigating the seasonality of foods and will undertake a design, make and evaluate task linked to food. We will also be learning to use tools and equipment safely.

ENGLISH

In English, we will be learning about the features of narrative poetry and setting descriptions, including the grammar and organisational structures. We will move on to performing poems and writing our own setting description texts to entertain the audience. Reading will be taught daily.

RE

In RE, we will focus on the religion of Hinduism and the key concept of ultimate reality. We will look at the meanings of 'belief', 'faith', 'truth' and 'knowledge'.

PE

In PE, we will be focusing on basketball and hockey. We will be developing skills and applying rules. We will also develop teamwork and cooperation skills.

COMPUTING

In computing, we will explore the features of quizzes, before creating, completing and evaluating our own quizzes.

MUSIC

In music, we will be identifying the pulse in pieces of music. We will be identifying similarities and differences within pieces of music and responding to the lyrics and the messages in them too.

FRENCH

In French, we will using vocabulary relating to days, months, and numbers in sentences
